

Buddy,

Thank you for the job well done. We took six bids for the reroof and you where the lowest bid. You where also insured, bonded and recommended by the BBB.

Your crew was hard working and professional, we where impressed with the your attention to detail. From the plywood under the dumpster wheels, ladder tied off to the roof, covering of the boat and cars, and the meticulous cleaning of the yard, driveway and gutters.

You kept to your end of the contract and only asked for payment upon our approval of your work. We have and will continue to recommend your company to family and friends.

Thank You again;
